

ROAD CONSTRUCTION NOTICE

3600 West

1975 to 2600 North

CONSTRUCTION

by Plain City

Project Description: Plain City in partnership with UDOT will begin reconstruction of 3600 West this Summer. This project will include fully removing/replacing the existing road surface, drainage enhancements, upgraded signs and striping, road widening with shoulders and auxiliary lanes.

SCHEDULE*

Days: M-F. Sat. (if necessary) **Hours:** Daytime only

Start: July 7th **Est. Completion:** October 2026

Project start: multiple utility-related relocations along the shoulders. Complete removal of asphalt along the route and crossing the road. **Mid-August:** primary road widening reconstruction with shoulder and curb rebuilds. **September:** Final paving and striping, and signs placed.

IMPACTS

- **Local traffic only along the entire route at start of construction**
- Increased daytime noise near construction
- Occasional intersection closures (detours posted)
- Gravel road surface for motorists/pedestrians
- Brief property approach restrictions
- Shoulder parking restrictions required day/night
- Brief interruptions to utility services
 - Residents will be notified within 24 hrs of disconnects
